

The WRO Ethics Code for Teams

"It is not whether you win or lose, but how much you learn that counts."

As a team we follow these principles:

*We are participating in a competition.
We like to win. We want to learn.
And we also want to have fun.*

*We want to play fair.
We design our own robot and we write our own software.
It is not fair if someone else does that for us.*

*We can only learn if we try things ourselves.
Our coach can teach us things and guide us.
And we can also get inspired by others.*

*But our coach should not do the work for us.
And we do not simply copy a robot or software from someone else.
We use the examples we find to design our own robot and programming.*

*Sometimes we fail and that is OK.
Original ideas come from failing.
Winning is nice but failing is part of our journey.*

Team name: _____

Name & signature of Coach: _____

Name & signatures of Team members: _____
